

SERVIMAT

Satellite set

KFIB90

Technical characteristics

Matériau : reinforced polyester fiber glass

Dish sizes : 78 x 89 cm

F/D ratio : 0,66

Opening angle @ -3dB : 2,2°

Offset angle : 24°

Gain @ 11,8 GHz : 38,5 dB

Frequency range : 10,95 – 12,75 GHz

Efficiency : 70 %

Operational elevation : 15 à 45°

Operational azimuth : 0 à 360°

Mast operational diameter : 30 à 50 mm

Weight : 5,3 Kg

Windload : 160 Km/h

AZ/EL : galvanised steel

Bracon material : aluminium

Product advantages ...

- Professional quality
- Composite material
- Anti-corrosion
- UV protected
- Impact resistant
- Temperature variation resistant

Set contents ...

- 1 FIB90 dish
- 1 LNB UST100
- 1 Double fluted carton

Packaging ...

- 1 set = 1 carton

Hot Line **0 899 707 205** Service 0,80 € / min
