

## UPDATE PROCESS VIA USB PORT

1. Download the zip file via the link on our website according to your decoder model.
2. Decompress the file (example of decompression software: Winzip, Winrar, ...).
3. Copy the update file ending with .bin on a USB key.
4. Insert the USB key into the USB port of the decoder.

Then with the remote control of the decoder go to :

- Menu
- System menu
- Update
- Update via USB
- Choose the file and validate
